

**SLOW THE FLOW – HOA/COMMERCIAL PROPERTY SPRINKLER CONSULTATION
LIABILITY WAIVER**

By signing this waiver and release:

1. You represent and warrant that you are an authorized representative of the property located at the address below.
2. You acknowledge that Resource Central will test the efficiency of the landscape irrigation system at the address below at your request. The testing will involve operating the landscape irrigation system through the irrigation control clock(s). Resource Central may need to temporarily disrupt the programmed watering schedule(s) during the inspection.
3. You understand that Resource Central will provide you with a recommended watering schedule that will likely suggest that you change the scheduled irrigation programs on the irrigation control clocks. You agree that the irrigation scheduling is at your discretion and is your responsibility. You further agree that it is your responsibility as the property representative to check the irrigation control clocks after the inspection to make sure they are turned on and programmed as you choose and that you will also be responsible for monitoring the health of the landscape.
4. You hereby release any claims against, and hold harmless, Resource Central and its officers, agents, and employees against all liabilities, judgments, costs, and expenses arising out of, or related to (i) the testing of the landscape irrigation system and any system malfunction during or after the landscape irrigation inspection; or (ii) the recommended change to the landscape watering schedule, including any damage to the landscaping, except to the extent arising out of the gross negligence or willful misconduct of Resource Central.

By signing below, you acknowledge that you read and agree to the terms of this liability waiver.

WATER RECORDS RELEASE

The impacts of the Slow the Flow program are being monitored for the next 2-5 years. This requires a comparison of customer water usage histories gathered from his/her water provider. The information is used to show trends and impacts that result from the program and do not single-out any individual customer's water usage history to third parties. Any information obtained relating to the individual customer will be kept anonymous and confidential by Resource Central.

I am an authorized property representative for the property listed below. I understand that Section 24-72-204(3) (a) (IX) of the Colorado Revised Statutes prohibits the release of my name, address, telephone number and personal financial information as a past or present user of a public utility. I hereby consent and give permission to my water provider, (please list in space provided) _____ to release my water usage and billing information to the Resource Central. I further release my water provider as listed above from any claim, demand, action or right of action which results from actions by them or the Resource Central relating to this program.
